

CTruk THOR19

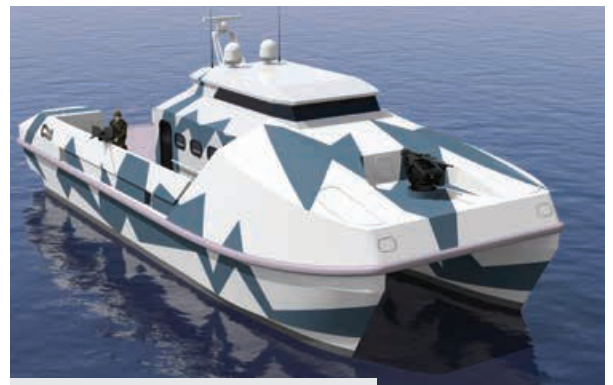

▶ CTruk THOR19 Coastguard

CTruk's advanced composite THOR19 is based on a proven offshore support vessel design, offering a robust and stable 19m twin hull platform with CTruk's patented flexible payload arrangement giving multi-role capability.

THOR19 delivers all the design benefits of the THOR11 whilst offering greater payload, endurance, time on task and the ability to be configured for a broader range of roles for operations in the littoral including:

- ▶ Naval & Coast Guard patrol
- ▶ Anti-piracy
- ▶ Interdiction & boarding operations
- ▶ Force protection
- ▶ Mine countermeasures
- ▶ Dive support
- ▶ Hydrographic survey
- ▶ Fire boat
- ▶ Ambulance boat
- ▶ Disaster relief

▶ CTruk THOR19 Patrol
